

Environmental & Sustainability Statement

August 2009

Premier Groundworks Ltd is a professional and environmentally conscious organisation, which acknowledges the impact that our operations may potentially have on the environment. The clear objective of Premier Groundworks Ltd is to minimise the Environmental Impact of our operations and products through the adoption of Sustainable Practices and Materials, coupled with monitoring and continual improvement of Environmental Performance. This will be achieved by:

- Preventing pollution, reducing waste and ensuring that wherever practical, measures are implemented to protect and preserve natural habitats, flora and fauna;
- Considering the effects that our operations may have on the local community;
- Taking action to eliminate or reduce, as far as practicable, any potentially adverse environmental impacts;
- Using wherever possible recycled or natural products from Sustainable Resources
- Promoting environmental awareness amongst our suppliers, contractors and partners by implementation or operational procedures;
- Seeking to work in partnership with the community by behaving in considerate and socially responsible manner;
- Ensuring effective and expedient incident control, investigation and reporting. The resulting preventive measures will be enforced and monitored to prevent any reoccurrence.
- Fully maintaining all Plant and Vehicles to ensure maximum fuel efficiency and effectiveness of filtration systems.

Management and supervisory staff have responsibilities for the implementation of the policy and must ensure that environmental issues are given adequate consideration in the planning and day-to-day supervision of all work.

Premier Groundworks Ltd will fully comply with duties placed upon it within the requirements of Statutory Legislation, whilst at all times complying with, as a matter of best practice, the requirements and duties set out within Approved Guidance as issued by the Environment Agency and other organisations.

All employees and sub-contractors are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own works, so far as is reasonably practicable, are carried out without risk to themselves, others or the environment. This includes co-operating with management on any Sustainable Resource related matter.

The Director has overall responsibility for all Environmental and Sustainability matters. The operation of this policy and the associated procedures will be monitored and reviewed on a regular basis to ensure that they remain current and applicable to Premier Groundworks Ltd activities. This policy has been endorsed by the director who gives their full support to the implementation of this policy.

Signed
